PROFILE

Creative Technologist working at the intersection of spatial design, architecture, urban environments, XR and generative AI. I create realistic, buildable and market-oriented visual concepts that combine spatial design, immersive technologies and human-centered storytelling to communicate ideas, projects and products through powerful visual experiences.

SKILLS

AI Creative & Generative Tools

Midjourney • OpenArt • Blockade Labs Skybox • Pika • ChatGPT • Gemini • Qwen • DeepSeek

3D Modeling, Rendering & Optimization

SketchUp • Revit • AutoCAD • Lumion • Twinmotion • Texture and model optimization for real-time export

XR, Immersive & WebXR Technologies

Unreal Engine (VR) • Unity (AR) • A-Frame (WebXR) • AR.js • Pannellum • 360° Virtual Tours (Kuula, Panoee)

Visual Communication & Design Tools

Adobe Photoshop • Adobe Illustrator • Adobe InDesign • Canva • Figma

Web & Digital Tools

HTML • CSS • JavaScript • Git • VS Code

CORE EXPERTISE

AI-assisted Architectural & Urban Visualization • XR (VR/AR) & Immersive Environments • Spatial & Urban Design • Product & Brand Visual Concepts • Visual Storytelling & Spatial Communication

PROFESSIONAL EXPERIENCE

AXLARA Studio — Creative Technologist & Founder | 2024–Present

AI-assisted architectural and urban visual research; immersive XR experiences, 360° virtual tours and interactive environments for spatial communication, concept validation and storytelling.

Independent Spatial & Architectural Designer (Freelance) | 2018–2024

Residential and commercial projects from concept to execution, focusing on spatial design, visualization and client presentations.

Previous Positions:

- JN Móveis Planejados — Interior & Furniture Project Designer | 2021
- Officelab — Architectural Project Designer (Corporate Interiors) | 2019
- Bienal de Curitiba — Exhibition & Spatial Installation Designer | 2017
- Decor Studio — Architectural Drafting & 3D Design | 2015

EDUCATION

Postgraduate Specialization in Architectural Design — Pontifícia Universidade Católica do Paraná (PUC-PR), Brazil | 2016–2018

Final research on kinetic façades and responsive architectural systems (article available on LinkedIn)

Bachelor's Degree in Architecture and Urbanism — Universidade Potiguar (UNP), Brazil | 2010–2015

English Language Program (Exchange) — Atlas Language School, Liverpool, UK | 2025

CERTIFICATIONS & COURSES

Unreal Engine 5 — VR Academy | 2025

Full-Stack Development — SENAC-RN | 2024

Neuroarchitecture — Neuroarq Academy | 2021

CAP Light Design — IPOG | 2018

Furniture Product & Project — Dalmobile | 2019

Revit Autodesk — CREA | 2014
